Dear Ms. Dortch:

On June 22, 2010, with the Commission's consent as reflected in the Memorandum Opinion and Order in the above-referenced docket,¹ AT&T Inc. ("AT&T") and Cellco Partnership d/b/a Verizon Wireless ("Verizon Wireless") closed this transaction. The Commission's consent included authority for AT&T to acquire "applications that are related to the properties to be acquired by AT&T that are pending at the time of consummation of the proposed transfer of control."² There were a number of such pending applications that AT&T acquired at closing.

As described in the notifications of consummation that AT&T filed, with the exception of the properties held by Las Cruces Cellular Telephone Company, either Abraham Divestiture Company LLC ("ADC") or Peach Acquisitions LLC ("Peach") holds the assets that AT&T acquired.³ Pursuant to Section 1.65(a) of the Commission's rules,⁴ on behalf of AT&T, I hereby notify the Commission that ADC or Peach is now the applicant for each of those applications which remains pending (a list is attached to this letter).

The staff of the Wireless Telecommunications Bureau have directed AT&T and Verizon Wireless on how to update the Commission's records with respect to these applications. For applications for new licenses, after the Commission grants the application, AT&T and Verizon Wireless should file a "forbearance" notification of a "*pro forma* assignment" of the new license. For applications to renew or modify an existing license, AT&T should file amendments to those applications to correct the applicant information. These amendments will be filed as promptly as practicable.

Please feel free to contact me if you have any questions.
